**Living Fellowship (The Church at Laodicea) - Lance Lambert - posted by AbideinHim (), on: 2016/1/22 14:38**

Lance shares the lesson from the church at Laodicea. They had perfected the methodology of the church and no longer needed Christ's involvement. He challenges us to seek the Lord, does our assembly need Christ, or are we running on auto-pilot without Him.

The American Church is very much like the Church at Laodicea.
