Thank you for this. It will be the first time I've been able to participate in something related to an SI conference. That's 1pm GMT for some of us and 9am Eastern Time .

Thats great to hear you will be tuning in brother.

Hi greg please interpret this.

Call 712-432-0075, Code 6149782#, Mute *6

I can dial numbers, but unless my phone is going to ask for a code at a specified time it will do nothing, and MUTE star 6 means nothing, \\

Help brother :)

Hello,

You first call: 1-712-432-0075

Then just listen and a voice will tell you at a certain point to punch in a code.

then you press these number and the pound sign at the end:

6149782#

Once you have done this it will tell you that you have joined the call, at that point just press the star button and then 6 which will say afterwards you are muted:

*6

Trust that is more clear?

I want to thank Greg and other leaders that hosted the call, and the prayers of the saints.

As Brother Glenn testified, the Ashbury Revival was a breathe from God that transformed his life and ministry. God gave him a vision of worldwide revival. He said that we are on the brink of a great world wide revival. The greatest darkness is just before the dawn. A move of the Holy Spirit is what the Church needs, and we are seeing it globally.

Brother Glenn Shepherd said that there is no solution to problems we are facing. The answer is only going to come through prayer. Revival comes to Church first. From the Church, the atmosphere is charged by the presence of God, and moves to culture. Revival will only come whenever there is a desperation in the people of God. Churches are filled with the vaccination of religion but are not born again. There is much carnality in the Church. Pray against worldly condition of church.

Prayer was made for the Church!

Second hour focused on prayer for Iran:

Islam is experiencing its greatest defeat in Iran. Islam is being rejected. Iranians are open to the message of the gospel. Iran is #10 in the world for persecution.

Amen dear brother it was a very encouraging time indeed with these 2 men of God in our generation sharing!

Greg, who is the Iranian pastor that shared during the call, and what is the name of his ministry? I was very interested in what he had to say. There is a great move of God especially among the young people in Iran, and they seemingly have no fear of persecution. He also said that he believes that years of prayer for the 10/40 Window are bringing tangible results of evangelism and many conversions in that nation. Also, wasn't it interesting what the Iranian Christian that was in the U.S. that went back to Iran had to say about American Christians? She said that it was as if they were asleep in need of waking up. Haven't we witnessed that in this nation? Our continual prayer has been that the Church in America would wake up.

Mike the pastor who shared is Hormoz Shariat. His ministry is Iran Alive. It can be Googled under the name Iran Alive.
