I can actually relate to this video. I remember visiting a church where a young couple stood up to share about their upcoming missionary trip. It was not what I expected.

The couple shared that they were going to watch the children of missionaries at a Mediterranean resort in Spain. I guess this was their version of suffering for Jesus.

I think I need to go back now and read my VOM magazine to get a check on reality. Mind you these videos are a parody and satire on the modern-day evangelical church for millennials.

How to use Christianese and the Christian inside-joke to parody American Christianity. I smiled until I stopped.
