Saints,

I wanted to highlight a ministry that I ran across. A dear brother who has 10+ children living in a foreign country has felt led of the Lord to use his computer programming skills to serve the Lord instead of just making money. He is finding unique ways to distribute sermons (many sermons from SermonIndex) out to thousands of new listeners.

One of the ways he is doing this is audio upload of sermons to youtube for example: <https://www.youtube.com/watch?v=GYS01a4JEdg>

On Youtube the main channel: <https://www.youtube.com/channel/UCaS8ka5bEjWPCVN4Frb3ZWQ>

You can see the list of android apps, facebook pages and youtube channels he runs here: <https://www.patreon.com/johntibell>

Another is he is making Android Apps of speakers with many sermons so you can listen as you go and it helps spread these wonderful messages to more mobile listeners.

He is doing this by faith. You can support the ministry on Patreon here, even just \$5 a month I am sure would be a blessing to them: <https://www.patreon.com/johntibell>

If you didn't already give away all your money to build a wall you might want to take another look at my Patreon page. ;)

I've updated it with more information. It didn't have much content when Greg posted it here. Should be better now. Any help is very appreciated!

Merry Christmas!
