I have been thinking on this topic and God has been providing opportunities to learn more. Sree's recent post about prophecy is right on so many different levels about working out one's salvation practically. The spontaneous examples of community are some of the best examples of what happens when saints do this. The desire to understand one's faith and the implications also allow for understanding what it means to be watchful and ready for the Lord's return as a group to search the Scriptures, meet in prayer and encourage each other to good works.
