Yes brother,

its called: (<http://www.therevivalweneed.com/xoops/modules/mydownloads/visit.php?lid117>) Calling On The Name Of The Lord and is a powerful call for the church back to prayer!! God used this message in my life to really get me back to prayer and seeking Himself.

I think this is the one while he is preaching the people are laughing abit because I believe they just couldnt handle the truth he was giving them and they laughed at alot of his powerful examples or else they would be crying and wailing.

here is one of the examples from the sermon (paraphased):

"If you can't and don't enjoy worshiping God now on earth why would you want to go to heaven, thats all you will be doing up there!"
