I've never done this before, but I want to encourage everyone to listen to the following testimony. It's the testimony of husband and wife missionaries. I can not post the link. So please go to www.timessquarechurch.org. It's listed under 'recent sermons' session 3. If you get a chance you should listen to all 6 sessions, but #3 is the most powerful testimony I've ever heard. It is a pure example of what true religion is. It should challenge everyone who listens to it.

God Bless

Amen we at SI are in full agreement with the ministry of Times Square church. I encourage everyone to spend time on the site, pray for their ministry and support them even.

I can second that, I've only listened to the first two messages and they are challenging, especially what Mr. Wilkerson says at the end of the first message. Looking forward now to #3.

By the way, the theme of this conference is from James, "pure religion".

In Christ,
