Deltadom,

the race is long and He (jesus) did say that his yoke is light but never said life would be easy. We have an enemy and he is prowling to destroy us if we let him.

I don't know what your situation is but I know God is more than able to work this out in your life.

Jesus, I pray you meet this child of yours that you will meet all the needs here and will bring all glory to Yourself. Jesus, I don't know what to pray so I lift this to you and know you will know what to do with it.

God, I also pray for peace here, bring to the surface what needs to be dealt with and remove all things that are not of you. Jesus, fill this situation with your provision. In Jesus name touch this situation.

I lift all this up to God who knows hearts and everything else besides that, and know that I am not adequate and that in my weakness God is powerful to work. Humble us in Jesus name and may we step out of the way.

Thanks for your request. By just asking you admit, humbly that you need God. I pray that he would meet you in your need.

I know God will answer in his way and in power, Jesus name amen,

Love your humility,

Jeremy Weeks
