-----Jesus is the Reason for Jewishness!

When it comes to Jewishness, my viewpoint is quite similar to the motto that characterizes Christmas: Jesus is The Reason for the Season! I translate that motto into the realm of Jewishness and we get this: Jesus is the Reason for Jewishness! There is no point for the Jews to assert that they are the Chosen People as long as they fail to realize that He (JESUS) is the Reason why they have been chosen.

Realizing that, they (the Jews) will be more welcoming towards the Arabs and cease to unleash top of the line military armaments to oppress the Palestinians. C.M.
