

**Setup Guideline**  
for  
**SermonDownloader 1.0**  
([www.sermonindex.net](http://www.sermonindex.net))

To install the SermonDownloader 1.0 application please follow the steps given below. For any difficulty please send an email to [sermonindex@gmail.com](mailto:sermonindex@gmail.com) or [sherebiahtishbi@gmail.com](mailto:sherebiahtishbi@gmail.com)

## Windows Users

- 1) Download the installer from [http://img.sermonindex.net/SermonDownloader-Installer\\_Win.jar](http://img.sermonindex.net/SermonDownloader-Installer_Win.jar) if you are using Windows operating system most likely that installer has been downloaded in your “Download” folder. Usually this folder can be accessed by clicking on “Download” in the left bar of file explorer window as shown below.

- 2) In the download folder locate file “SermonDownloader-Installer\_Win.jar” and double click on it. To be able to do this you must have Java installed in your machine in advance. If you are not sure if it is installed than you can install by following below steps

1. click on this link or copy paste this URL in your browser.

<http://www.oracle.com/technetwork/java/javase/downloads/jre8-downloads-2133155.html>

2. You will see below page, you need to choose right file based on Windows OS you are using to download after selecting “Accept License Agreement”, If you are using Windows7/Vista/8/8.1 than choose “[jre-8u5-windows-x64.exe](#)”

**Java SE Runtime Environment 8 Downloads**

Do you want to run Java™ programs, or do you want to develop Java programs? If you want to run Java programs, but not develop them, download the Java Runtime Environment, or JRE™.

If you want to develop applications for Java, download the Java Development Kit, or JDK™. The JDK includes the JRE, so you do not have to download both separately.

JRE MD5 Checksum

**Java SE Runtime Environment 8u5**

You must accept the Oracle Binary Code License Agreement for Java SE to download this software.
