

"Religion" Deterioration

A.W. Tozer:

This is hard for people to face up to. Religion deteriorates just as fruit rots and just as people get old in spite of all they try to do at the drug stores. It is inevitable that we get old, and so it is with religion. It is built-in that we start to deteriorate shortly after God comes and blesses us. Look what happened to Israel. God called Israel out of Egypt, and it began to deteriorate before it reached the Red Sea. Then He gave it a revival by taking it through the Red Sea and into the wilderness. But Israel started to degenerate before it had gone 20 miles in the wilderness. As a result the people eventually wandered for 40 years. You can follow the history of Israel and see the story of the kings. It is a depressing story. Here is a man. He lived and did evil in the sight of the Lord. He had a son, and his son did evil in the sight of the Lord as his father before him. The status quo was maintained.
