I have listened to the first four of these messages. This brother was converted to Christ out of Islam. He gives a convincing case for the Antichrist being a Moslem. Walid's teaching seems to be more solid than most on this topic.

He also offers some penetrating insights into the global rise of Islam.

I have just listened to the last message of this series. I confess my understanding of end time prophecy is very lacking. In the early days of my faith walk with Jesus Hal Lindsay was our guide. His book, The Late Great Planet Earth, was our Bible for eschatology. To a degree I still held to the Antichrist coming out of Rome.

Walid Shoebat has challenged my paradigm. He presents a most compelling case for the Antichrist being a Muslim. His understanding of Middle Eastern culture, the biblical languages, and Islam lend credibility to his interpretation.

Anyone who has an interest in end time prophecy may want to listen to these messages. You may not agree with everything but perhaps your understanding of eschatology will be challenged.

One thing that cannot be ignored is the rising influence of Islam. The two religions that have a global emphasis are Christianity and Islam. Buddhism and Hinduism tend to be more regional. But the global advances of Islam cannot be ignored.

The one religion that persecute Christians is Islam. The one religion that beheads Christians is Islam. Thus the final end times battle may be between Christ and the Islamic nations. Again Wahid Shoebat give a compelling case that those nations destroyed by Christ our Islamic.

Again very interesting messages.

Showbat is most likely a fraud and con artist. His history is extremely dubious concerning his life growing up in Israel. Never a PLO member, never a terrorist as he claims and a Roman Catholic and even worse his "charity" is a scam

Really Enue. You must be getting bored to bring this thread up. The post on this thread are over 2 years old.

Back then I did not know Shoebot was a fraud. Now I am aware of it.

Why don't you post something more edifying? What are you getting out of the word? Or why not post something regarding our need for revival? That's what this forum is supposed to be about? Or that's what this forum was about it one time.

**Re: , on: 2016/2/17 20:29**

Actually my comments has nothing to do with you whatsoever. I did not even know you initiated the post. The comment was to warn members of SI because Charisma news today had this guy and his son advocating the murder of homosexuals. Then looked here to see what SI had on him and decided to post a comment . Again nothing to do with you. BUT people who read him here might think he is a credible source and he ain't.

PS We need revival!!!

**Re: , on: 2016/2/17 20:32**

Sorry I misunderstood you. You are right he needs to be warned about.

And yes we do need revival.

**Re: , on: 2016/2/17 20:34**

No problem Blaine

Lord bless you

That you for sharing Rev\_Enue. I appreciate it.

What I wonder is the truth of his comments about Islam. I remember hearing this series and then shortly after having a missionary from Turkey do a talk with the same content. Do you have any further knowledge about this?

**Re: , on: 2016/2/17 21:25**

Hello Jeremy

Most if not all of his information is gleaned and processed from outside sources, second hand and not from his personal experiences. It's then packaged and presented as his own insights. Another "former" Islamist guy made a lot of noise and \$\$\$\$ doing this same stuff recently, Got discovered as well. Hard to believe most people these days.

That's sad. Having spent some time in the Middle East, I don't take a Muslim's word easily. He doesn't tell his testimony in this series of talks that I can remember. I haven't relistened to them though.
