When it comes to Biblical doctrine, I find the approach of fellow-Canadian Glenn H. Jackson richly enlightening. To access the web ministry of Glenn, you can go at ft111.com, then click on links, then click on Glenn H. Jackson. God bless you all!

Friend Claudius,

God is not going to make "spinning tops" out of His people but STURDY ROCKS. Firmly planted and delivered from self and Confident in GOD and GOD ALONE. The Elect will do exploits that do not contradict, add to or subtract from HIS WORD.

Even if a person's doctrine is right ... if the "words" are off ... be careful.

I mean no harm.

Lord GOD Bless you also with discernment.
