Nah! Chuck Smith is rivoting. In a quiet balanced slow way. I really appreciate his teachings actually, God has me go back and listen to him once in awhile to get me back to a balance because we are so prone to get very unbalanced at times. There are over 600 chuck smith sermons on sermonindex here:

I am in no way speaking censoriously. I was just joking. I sat under Chuck's preaching for years and never fell asleep. I listened to all of the 5000 series it was great. Just wanted to clear that up. :-)
