I just wanted to post a praise report especially for those who have prayed for my husband, Richard. He has bowed himself to Jesus Christ. God has done a miracle and I know many of you have prayed for us. I don't have time to give details, but I just wanted to give God praise and also to encourage all of you that He really does hear when we call. I love you all . Dian.

Hey, you know what would be really cool? If I could get Richard to tell you all in his own words what God has done! I will pray that God will open up that opportunity. I think that would be a real blessing to us all. Love, Dian.
