Modern American Christianity by Paul Washer
Matthew 7:13-27

Description: LISTEN TO THIS MESSAGE! It brings eternity and the true faith of Christ into our view. A very pointed sermon that cuts through the overlay of false profession in the Church. Paul Washer humbly yet with boldness speaks forth as the Oracles of God to a crowd of 5000 baptist youth. Would be to God that more would speak with a clear conscience of true Christian virtue and repentance.

This is the most powerful, life changing sermon I've heard! It was like rain falling on a dry land for me...oh how I needed to hear this! So few preachers preach the true word of God that when one does our spirits respond and confirm the truth of it.

So few preach the word of God the way it should be preached(from the heart). This sermon by Paul Washer is rebuke to all who practice wishy washy Christianity that is saying pray a little prayer and be saved. Telling people they are saved is not our job, our job is to tell them how to be saved. REPENT AND TRUST!!

A most apt sermon for these Laodicean times!!! (August 16/2006) comment id: 1303

I love this sermon everytime I listen to it. This is what we need to hear way more of. Great solid Biblical preaching that glorifies Almighty God and brings our true position before God into clear perspective.

A timely voice (July 11/2006) comment id: 1238

Paul Washer personally knew Ravenhill, and obviously bears a resemblance. This sermon supports with the overall vision of SI. Though this message is addressed to youth, it is also a powerful prophetic voice to the evangelical church—exposing, with bull’s eye accuracy, the downward slide over the past 50 years. He uses statistics and obvious evidence to reveal the damage. Wouldn’t it be great if this sermon could be forwarded to all our evangelical leaders—and penetrate the many layers of insulation that have been building up against the painful truth. In a sense Washer is “airing out” dirty laundry. Yet I know that our youth appreciate the church’s humble honesty about its past failures. They are not interested in a whitewashed presentation of the “gospel”. This man is calling for a radical reformation and I wonder if the youth of our day will be taking the torch.

Song Based Doctrine? (July 07/2006) comment id: 1224

A couple of key points stick out to me in this message: 1) Much of the Christian churches doctrine in the West is based upon Christian songs 2) Many in the churches today in the West would be excommunicated from churches in other churches around the world for their worldliness. This message contains a good balance of repentance and holiness preaching together with reality.

When you talk to them to order the message ensure you say its the SHOCKING YOUTH MESSAGE that you want, I have renamed that on this site because I thought it was abit of a too "dramatic" style of a title.

I am ordering a copy as well and am asking permission to put the video up on the site.

God bless.

I did. I spoke with Ms. Glass, and she was very nice. They are sending the Washer DVD out free, but a \$4.00 donation i s humbly suggested. This sort of thing just amazes me. God's richest treasures, I've found, are in the bargain bins at Chr istian bookstores and through humble, money-shunning missions such as Paul Washer's. There is a pattern here we ca n all learn from. I want nothing else in life but to know and live the way of the Lord. Oh God! Teach us Your ways, Your d esires, Your methods, Your principles - and let us learn from the ministries of those who have found favor in Your eyes. The more knowledge I gather, the more of a trusting, humble babe should I become, until at last my spirit is so deep dow n at the feet of Christ that there's nowhere else for it to go but up.

Hi there, I'm a part-time secretary at the church office where Heartcry is located, and I wanted to let you know the whole office has been having big computer problems this week. This may have been why you haven't received a response. You should be able to reach someone by phone, though. . . . hope this helps.

I will have to give them a call also. I do encourage brothers and sisters to phone and get this DVD and share it with others.

I guess the enemy is having his ways in the computers at HeartCry or something. He knows once this DVD goes out, people will be changed.

I've been waiting for my copy for awhile now and when I get it, many many people will be blessed by it. =)
