Thanks for sharing this brother, I will have to check it out, too bad there is no download for the videos like there is on google video in which you can download a mp4 video format for the ipod and quicktime.

Here is a comment from the video:

Quote:
-----Thank you so much!! Keith's music had a huge impact on my walk with Christ back in the 70's. This series should be in the hands of all Christian artists and aspiring artists.

Niel,

I can't believe you didn't know about him in more detail, here are some audio sermons by him on sermonindex:

He was personally discipled by Leonard Ravenhill for many years spending much time with him.

Buy his "Ministry Years" Vol 1 & 2 off the last days , and get his biography, www.lastdaysministries.org

Keith Green has touched my life like few can.

I was shocked to see how abridged of a version this was of Keith Green's biography. Still really good, and made me cry at the end like the book, but, I'd say anybody that really wants to grasp what Keith Green was about, get his biography and get his cd's.

As I watched the first video, I realised it is the same one that I have had on dvd for four years!

It was made for the 20th anniversary of his death.

Still, it was good to watch it online. God bless.

Like enid... I have had the DVD of this vid since it came out 3 or 4 yrs ago.

Y'all... reading the biography of Keith Green called "No Compromise" is what finally broke my heart and brought me to Christ. I finally gave my life to the Lord when I finished the last chapter.

The song "Your Love Broke Through" has always been my testimony.

*Like a foolish dreamer, trying to build a highway to the sky
All my hopes would come tumbling down, and I never knew just why
Until today, when you pulled away the clouds that hung like curtains on my eyes
Well I've been blind all these wasted years and I though I was so wise
But then you took me by surprise*

*All my life I've been searching for that crazy missing part
And with one touch, you just rolled away the stone that held my heart
And now I see that the answer was as easy, as just asking you in
And I am so sure I could never doubt your gentle touch again
It's like the power of the wind*

*Like waking up from the longest dream, how real it seemed
Until your love broke through
I've been lost in a fantasy, that blinded me
Until your love, until your love, broke through*

Everytime I hear that song it's like I'm born again all over again. God uses it to remind me of what He did for me.

Is NO COMPROMISE his official biography?

Re: - posted by KingJimmy (), on: 2006/9/12 15:20

Yes, it is.

Keith Green is the only popular Christian artist i listen to. I know of no others who have the passion for Christ and a love for the lost like he had.
