

Miracles that follow the plow :: Art Katz' health

Art Katz' health - posted by Jaime (), on: 2006/11/24 19:05

Will you brothers and sisters pray for our brother Art?
May our Lord's strength be made perfect in weakness. II Cor. 12:9

Thank you.

Father,
Please touch our Brother, and Your Servant, Art.
You are well able to meet his every need.
In Jesus Name. Amen

I've been keeping up with Art's Health for awhile now and it is saddening as I would like to meet this brother one day when I can.

I am only praying for God's will to be done through this (okay I am also pleading with Him to keep Katz, but, I am trying to focus on praying) for His glory because I don't want to intervene my will into it as I know we sometimes tend to do. God is in control-- Thy will Lord be done, not mine.

Art spent 3 days in a Minneapolis hospital earlier this week where he was able to be further tested and monitored. At time of writing, he is being taken to Bemidji hospital for another possible admittance. This time his neck seems to be where the disease is flaring up. There is much to be thankful for on this Thanksgiving Day, not least the prayers and support of God's people everywhere who have undertaken to take the burden of Art's health to heart.

Sincerely,
