Dear brothers and sisters,

The Lord has allowed us to have another campus-wide gathering at Arkansas Tech University. The meeting will be a gathering of all professing Christians on campus who choose to attend. A time of worship, prayer, and an exhortation from the scripture.

All prayers for this event are greatly appreciated and I ask a special prayer that the speaker would have God's burden for these people laid on his heart. This college suffers greatly from a lukewarm "Gospel".

The event is scheduled for 7:00 PM, November 30th (Thursday).

I will post back here what takes place at the event afterwards.

Thank you all so much for your prayers! :-)

We'll certainly be praying for you all. I'll pass the request on to my family.

May the Lord bless this event with a mighty pouring out of His Spirit and a stirring within many hearts to seek the Lord!

Thank you for sharing.

Oh my, yes brother it does. I'm an ATU Alumni. I only wish I was more bold in my witness while I was there.

I'm curious, what organizations are hosting it?

EDIT: Did the winter weather stop anything?

I prayed it would be a strong word to speak to any lukewarmness in Christians. There is a holy separating coming between those that are godly and ungodly amongst professors of Christ.

It will come down to soon those that Profess but do not possess, and those that profess and possess the Christ they pre

I am back with the report of the meeting.

I believe the meeting went well. The message was an call to seek God earnestly... by the means prayer, the Bible, and being separate from the world.

Praise God that we got to gather and a call to seek God was preached!

Thank you for all your prayers! :-)
