"To the Jew First" I listened to this one today. It is challenging. Worth a listen. Quite a remarkable man well used by our Lord it would seem.

Dear Stan,

Art Katz is a wonderful man of God. His book Apostolic Foundations is so good I read it twice back to back. After that I went to hear him speak in Birmingham Alabama and was just as blessed by his authority and understanding of God's way. Read this book if you haven't

For all the forum, please pray for Art, he has been very sick. In the hospital a lot lately. You can see his current condition listed on their web site:

They have been keeping it updated so people can pray. He is 70 years old but has a great message, uncompromised, for the body of Christ.
