Please take a listen to William Carol excellent preacher and a man of God. My mentor was mentored by him in Denver before he was asked to be one of the associate pastors at Time Square Church. Dont miss out and just stick to Carter and David at Time Square the Lord has much to say through William Carol.

I thank God that He has raised up such a place like Times Square Church, in the heart of New York City, where a group of Pastors are always seeking the face of God.

Pastor William Carrol is no exception. I always visit when I'm in town and Pastor Carrol always blows me away.
