

**Miracles that follow the plow :: prayer for my mother****prayer for my mother, on: 2007/2/22 0:51**

I wanted to ask some people on here to pray for my mom. She was taken into the hospital today with heart trouble.

I am 22 years old, and I have a brother who is 17 and a sister who is 24. We just lost our father at the beginning of the summer to a 3 year battle with a disease. Things have been very hard for us since then. Please pray for my mom's health. Also, I have been concerned about her use of alcohol since my father has passed away, and have commented a couple of times to her. Please pray that God can work this all out. Thanks so much.

Dear Kevin,

I have prayed for your mother for healing and salvation and deliverance from alcohol.

God bless you my brother and sorry about the loss of your father.
