Please, friends, fellow brothers & sisters in Christ, please pray for my friend Doug in NJ. He had a heart attack. He is v
ery bad shape and
really needs a miracle. The cardiologist said on a scale of 1 to 10 (10 being the worst) Doug's heart attack is a 9. He has
three blocked arteries blocked in his heart. 100%, 99%, 85%. Also both arteries in both legs were blocked for them to do
the heart cath. They put a stent in one of the leg arteries so they could do it. Also his blood pressure is very low, 62/50, a
nd it needs to come up. They can't give him pain meds because it will kill him because of the low blood pressure.

God already raised Doug up 20 years ago from being in a coma for five months - he has been in a wheelchair ever since
. He is a brother in Christ and is a beautiful man who follows the leading of the Lord in all things. He is a man of prayer
and a servant of our Lord Jesus Christ.

His wife, Vi, is a beautiful friend of mine.

Please pray for healing and also the will of God in all that concerns these two beautiful people. I refuse to believe that G
od is finished with Doug on this earth.

We need a miracle! Thank you all for your prayers, I covet them immensely at this time.

Just an update from Vi this morning - Doug's blood pressure is getting higher (praise the Lord!) and they will be doing th
e open heart surgery later this week. Please keep praying! I will update when I hear more news.

Thanks be to Jesus for His healing power and His grace and peace during our trials.

Thank God they can operate now - I'm praying for the angels to guide the surgeon's hands, and for a doublequick healin
g. Also praying for your peace of mind, and Vi's too.

Will keep praying until you tell me He's fine!

Many Blessings, and much comfort.
