While stationed at Wright-Patterson Air Force Base in Dayton, Ohio as a Chapel Manager, we had a Reserve Chaplain (her first name was Susan who was a United Methodist and that's all I can remember) who had a Mother's Day message that spoke of a mother and throughout the entire message, the listener was thinking she spoke of the Mother Mary but it is revealed in the last 5 minutes or so of the sermon, she was speaking of the mother of Judas Iscariot. Can someone help me find a copy of this sermon or one like it for this upcoming (May 9th) Mother's Day??? I would appreciate any and all help. Thanks and May God Bless You and Yours and May God Bless America.
