Subscribers,

I HEARD THE STATISTIC recently that if you are 30 years old and will live to 70, that is a duration of 2000 weekends. Time is short! "What is your life? It is even a vapour, that appeareth for a little time, and then vanisheth away." The busyness of the hour is our bane. Busyness without prayer is hopelessness. It is time to surrender all now! Within a moment of reaching heaven we will be lamenating our lack of prayer, lack of sacrifice, lack of bible reading, lack of faith! What opportunities there are now to serve God with all our heart, soul, mind and strength. Heaven weeps when a saint wonders, waits and wastes away. Let us be found doing our Master's business when He comes.

"Hear me! Every church without a prayer meeting condemns us; every dry eye among us condemns us; Unless we repent now, unless we fast and weep now, woe unto us at the judgement!" -Leonard Ravenhill

We should indeed run from churches and preachers who exhibit no fear of God.

The disease might rub off.

Who wants that, only to perish for all eternity.

We do so need to be eternity minded, it might come to us sooner than we think..

Yet another great article.

God bless.
