CNN Exposes Muslim-hating Christian Zionist, Walid Shoebat, as Fraud!! - posted by hmmhmm (), on: 2007/5/3 16:42

For the past five or six years this site has been putting up articles and videos indicating that Walid Shoebat, who has been claiming to be a "former terrorist" is not who he says he is, and that he has been using his phony credentials to spread a poisonous anti-Muslim message for huge speaker's fees. Unfortunately, despite a 2008 exposure by the Jerusalem Post, no other mainstream media source picked up the story.

Now CNN's Anderson Cooper has done so. And what he and his colleagues at CNN have uncovered is devastating to Shoebat's credibility. Hopefully this will put an end to the fraud.

Thanks, Anderson!!

Re: Soul Idolatry Excludes Men out of Heaven-David Clarkson - posted by hmmhmm (), on: 2007/5/4 0:19

Secret and soul idolatry, when the mind is set on anything more than God; when anything is more valued than God, more desired than God, more sought than God, more loved than God. Then is that soul worship, which is due only to God.

Hence, "secret idolaters" shall have no inheritance in the kingdom of God. Soul idolatry will exclude men out of heaven as well as open idolatry. He who serves his lusts is as incapable of entering heaven, as he who worships idols of wood or stone!
