

Scriptures and Doctrine :: We walk by faith and not by sight

We walk by faith and not by sight - posted by Everett (), on: 2007/5/4 0:11

Its kind of funny how the strongest faith in God is seen through the mustard seed analogy in which simple faith in God is strong enough to uproot MOUNTAINS and cause fruitless trees to SHRIVEL UP AND DIE. Here lies the secret to Elijah's and Elisha's great demonstrations of faith that have shook the very grounds of the christian faith today.

Truly, our faith in God must not be stagnant ever! It is the very air that we breath from. It is our energy and well by which we draw up all the wonderful jewels and gems of grace that adorn our christian walk.

Brothers and Sisters in Christ, have faith in God in all circumstances. I encourage you as i encourage myself.

God Bless
