

SermonIndex Announcements :: Rating the Sermons

Rating the Sermons - posted by TaKa (), on: 2003/4/19 17:15

I just rated a bunch of the sermons I downloaded from here this week, as well as some that I've heard previously. I have been truly blessed by the messages offered here, and will continue to check back regularly for new material. Thanks Greg!

No Problem, Yes its simple to rate files just click on the 'rate file' link under the sermon you like and choose a rating between 1-10!

If you are registered to the site then you will receive an email when there is a lot of sermons or new features added.
