Anyone on SI know of ministries who do work in Nepal and would like volunteers to reach out to the people of Nepal that someone might be able to be a part of? thanks, Jaron

Hello Jaron,

We have some personal friends James and Sandra, who work in Nepal. They are with International Nepal Fellowship

I can give you further info upon request.

I've had a conversation with the people over at INF and they have a big heart for Jesus and the people of Nepal. They are medical based though, so you may need a medical background... and I don't know if they do short-termers.
