This is the type of thread that'll probably get very few hits but by you who are directed here because the name "Joseph" strikes a cord in your spirit to indentifying with, and if that reason why is because you sense our Lord's preparing you in lessons of enduring adversities toward a greater good as He did with Joseph, then the following sermon series will be of added blessing ... He directed me to these a little while back, and just caused me to re-listen to even added blessing, and now i'm moved to share them with you! ...

The links ending (=true) go straight to the audio .mp3 ... If that fails the link under goes to the actual page ...

Be blessed and encouraged! ...
