Please pray!!! - posted by divdasunder (), on: 2007/9/22 20:23

Last night my uncle was hit by a truck while crossing a street. His name is Randy Moore. He does not know the Lord. He is in serious condition. Many broken bones and other major issues. I lost another uncle earlier this year. My dad and his siblings took it very hard. Only one of my uncles know the Lord. Please lift this up to God.

The latest is that he is holding his own and in stable condition. Last night I was told he had these injuries. 2 broken wrists, 2 broken ankles, a broken femur, multiple broken ribs, collapsed lungs, liver damage, brain bleeding. Also they had to put staples in his head and nose.

Thanks for the prayers!!!
