Okay...I realize we have more important stuff to think about...

Here is a story about Disney Radio execs removing the mention of God from an advertisement about the new film (http://www.foxnews.com/story/0,2933,302746,00.html) Ten Commandments Movie.

What a hoot.

MC,

There is another thing going on right now that is ridiculously funny: Rush Limbaugh is auctioning off an original letter on eBay sent to his boss by some Democratic senators in protest of a show he did a few weeks ago. The last I looked it was at \$851,100.00!

We know HE is going to rule and reign for eternity and we know HE is in control now. He is graciously and mercifully allowing some people to ignorantly believe that they have everything under control on their own in their spiritual blindness.

HE is the King of Kings and the Lord of Lords and is the ruler of all men (Jesus) and HE hasn't been revealed to many people yet, you can tell by the culture. He tells us if we seek HIM with all your heart, HE is not far from us. We know every knee will bow, including those that are saying "what's God got to do with it" Why can't they see it now? You think they might be spiritually blind and spiritually deaf and don't have ears to hear.

The proper time to honor and lift up HIS name is today and resist the devil and it really is very important to promote HIS plans and purposes here on earth, because when HE comes in the clouds in great glory and power, all will know HE is the King of Glory then and will be too late for some. Who are HIS brothers and sisters? The ones that do the will of the Father.
