Each year around Thanksgiving ChristianAudio likes to do something to say "Thank You!" to all our wonderful customers . This year we got a little carried away, and we invited many of the other content providers at ChristianAudio.com to join us. They did. And now our Thanksgiving offer is better than ever.

you will find a selection of 10 Audiobooks. From November 17th to November 24th you will be able to download any one of these audiobooks for free. Here is how it works.

Browse the selection. When you find the audiobook you want for free, add the Download Format to your cart, and then use the Coupon Code: THANKS2007 during checkout. Then download your free audiobook and enjoy!

Please take a bit of time to browse the websites of the publishers participating in this offer. All of the publishers represented have excellent print books, audiobooks, and other resources that you are sure to appreciate.
