Brothers and sisters,

i would please ask if would pray for wife. she has pains in her joints and muscles, we are in the process of trying to figure out what is wrong, so we are waiting on results of the blood tests, can you please pray for my wife because at times the pain is to much for her.

love

andy

I am sorry to hear this, brother. Will be praying for the Lord to comfort her at this time, and of course, for benign results to the tests.

Andy,

pray that God will help your wife's pain.

I have joint pain, also, and know how painful it can be.

God Bless you both.
