wondering why this was locked...I know nothing about this, but think it only fair to give it some discussion.

As was mentioned, because it has been covered extensively (try a search). That was made sufficiently clear.

There is nothing good that can come about from a further discussion about it, only conjecture, speculation and strife.

hmmm...

well...sorry if I brought up something rather controversial.

I was just curious.

I DID do a search...didn't find much.

At any rate, whatever, no harm done.

I guess.
