Federal Marriage Amendment - posted by Matthew2323 (), on: 2004/6/17 15:47

Here is a portion of an email sent out by the Center for Arizona Policy. It is in regards to Amending the US Constitution to define marriage as the covenant between one man and one woman.

-----URGENT ACTION ALERT! Finally, it appears the United States Senate will be scheduling a vote on the Marriage Protection Amendment next month, around the 15th of July. The time is now to flood elected officials with calls and emails in support of the Marriage Protection Amendment! In Arizona, Sen. Jon Kyl has been actively working with us and with others to move the Amendment forward for many months, so we DO NOT need to contact his office. But Sen. John McCain remains undecided on whether to support the amendment, and needs to hear from as many of his constituents as possible. Please call or email Sen. John McCain and urge him to sign on as a co-sponsor and then vote in favor of the Marriage Protection Amendment S.J.RES.30. You can reach him through our webform or by calling his office at 202-224-2235. Massachusetts is already issuing homosexual marriage licenses, and before long Arizona will face a new legal challenge to our law that preserves marriage as the union of one man and one woman. The time for action is now! Please call or email Sen. McCain today, and forward this to as many people as possible and urge them to do the same.

In Canada they made the choice for this without even calling attention to the general public at all. A small task force was sent across Canada to get opinions from everyone but sadly only a minority of the people's voice was heard and therefore sodomy is accepted in Canada. I am not American but we need to pray about this and take action. But aside from all of this the church NEEDS to be the church, we have to be the salt in the earth, so much so that sodomites in their perversions will be ashamed of their sin when they see a godly family or Christian.
