Hello everybody. Talked with Greg and he gave me the go ahead to tell you about the site I started. I m tring to get the word out. Basically you can create a yard sign with a verse or quote. Its easy, choose a background,verse and then pay online. Its a great way to get the word out. So check it out. Remember a sign will do no good if you don't live this christian life out. Pray that God will give you the right verse for your yard. They also make great posters. God Bless!Let me know what you think!
