The movie "Second Chances", on: 2008/6/23 8:09

Anyone seen the movie "Second Chances" starring Michael W. Smith as a mega-church pastor who is living a comfortable "Christian" life, but then is challenged to leave his comfort zone in order to do ministry in the ghettos?

I thought it was a great movie (and didnt make mega-churches look good at all... showed them for the American corporate structures that most of them are).

I was pleasantly surprised by the message.
