A New Zealand has sold his soul via the internet to a pizza food chain called 'Hell Pizza' for \$3,800. Personally I think he got a poor deal. One who is blameless and holy bought mine and it cost him his life!

I find it amazing how little people today respect the condition of their own souls! Life is so short -- and eternity lasts forever. Yet so many people sell themselves so short -- when they could freely give their souls back to the Creator of all things! The benefits are, well, eternal!
