The Power of God's Presence Audio Sermon - posted by sermonindex (), on: 2004/7/12 22:24

A dear brother from SI got me some older David Wilkerson recordings and I just listened to this one and it has been such a blessing.

(<https://www.sermonindex.net/modules/mydownloads/singlefile.php?lid4350>) The Power of God's Presence - Brother Wilkerson speaks of the vital necessity of walking in the Power of God's presence. He speaks with an urgency in his voice and it's a blessing to not only accept this message but allow it to become a reality in your life. He gives us a wonderful standard to seeking the Lord and being used of God as men of old.

Please share your testimony on how the Lord spoke to you through this message.
