Hey, is anyone going to see this movie, it looks like a very cool movie?

No way! it's too convicting, too good, makes you cry and makes too much sense...this movie's not for me, (tongue in cheek :-)

ya, marriage is so simple and easy, I have no idea why people struggle, so I have no need to see this movie.

hahahaha I'm just kidding, I'm not married yet, but I have heard that marriage is there to make you more like Christ, so I guess it's supposed to grind you to powder.
