Saints,

This is a powerful burdened plea from George Verwer to the great need of revival in the church. A revival that leads to missions and a biblical church that is missions orientated to win a lost world that is going to hell.

I had the opportunity to hear George Verwer speak at Missions Fest Vancouver in January of this year and I was very blessed by both of the sessions I attended -George Verwer is a man that has been specially used by God in this generation, and even without listening to this sermon yet, I know it is going to be dynamite! Thanks for uploading it Greg!
