He is in so much pain in his back that he can hardly move. He needs a miracle. Many years ago, he had severe back trouble, but gradually it went away. Lately it has come back in such severity that he can barely function. His family and his church depend on him greatly. PLEASE PRAY for a miracle of healing to the glory of God.

Sincerely,

Michael

Praying

Continuing to pray really. I was just reading old posts by you and Broclint on prayer and thanking God for God using you both.

I will try to keep you updated, or maybe he will get to the point where he can. Sudden debilitation for an active person can be devastating for him and his church. We're believing God for a miracle.

Thanks for continuing to pray for Brother Clint. He was able to minister Sunday morning, but he is still suffering greatly. He spoke with his doctor yesterday who suggested back surgery. Please continue to pray for a miracle of healing for Brother Clint.

Thank you Brother Michael for requesting prayer for me and thank you all of you who did. At this time that I am much better or else I would not be sitting at the keyboard.

The doctors have recommended surgery, which cannot be scheduled for several weeks, but in the meantime I am supposed to be doing some Physical Therapy. I thank God that some of the incessant pain has calmed somewhat and I am hoping that I can be a wiser man by avoiding some of the things that I know are bad on my back that led to this latest crisis

Thank all of you again.

Clint

"Bless the LORD, O my soul:  
and all that is within me, bless his holy name.

Bless the LORD, O my soul,  
and forget not all his benefits:

who forgiveth all thine iniquities;  
who healeth all thy diseases;

who redeemeth thy life from destruction;  
who crowneth thee with loving-kindness and tender mercies" (Psalm 103: 1-4)

Praying, brother!! I can vaguely understand what you are going through as I have had a bad back for a few years now, but not that bad!! OH God, heal this brother in your name! Amen!

Brother, it's good to hear your voice. Know a smidgen of these ailments over the years. Once found a terrific sports\chiro practor who did wonders for me, that might be an avenue of consideration before surgery ...

Brother,

Thankful to hear that there has been improvement. I am continuing to pray.

Thanks for the update, Brother Clint, and THANK THE LORD for the progress that has been made. We will continue to pray. Hopefully the Great Physician will keep working on the situation, and the doctor-recommended surgery will not be necessary.

Thanks again all you dear folks on SI for your prayers. By God's grace I am better each day. I had so hoped to be able to attend the Revival Conference next week. That is still my aim if at all possible... but it is an 8 hour drive away and riding is very hard on the back... but nothing is impossible with God, therefore I hope...

BTW, also grateful for these good folk from Louisiana that are a part of SI forum. It is a blessing to know that I am surrounded by such godly folk!!
