Saints,

I have setup a new page on SermonIndex.net to feature the message that Paul Washer preached at the last Revival Conference in Atlanta: Ten Indictments.

I believe this is a very urgent message that needs to be heeded by many evangelicals, help spread the word.

I have not heard a more powerful sermon. It has greatly encouraged, challenged, and convicted me on many things. Pray that I follow the Lord brethren.

That sermon cut me deep. It shook me deeply in what I had falsely felt secure in. It challenged and convicted me from within 5 minutes, and kept doing it right through, in things I thought I was secure.

I both love and hate it for that, and although they'd break me down even more, I wish this type of message was more common.

Praise be to God for the faithfulness of Paul Washer in preaching this.

I've linked it on my blog, thanks Greg. This message really is like 40 hours of Paul Washer sermons rolled into one.

It was through his "Shocking Youth Message" that I was awakened two years ago. Thank God for His work in Paul.
