It's snowing this morning here in western North Carolina... in November... before Thanksgiving...

God has such a sense of humor! 8-)

Must be Al Gore is in town.

Congratulations! Snow? I think you need some strong coffee right now!

If Al Gore is in town, wouldn't it be a good time to leave?

Have a nice day!

Amen, brother... I hear ya!

As for the coffee, it just so happened that I didnt want the sludge I normally make so I ran out to Chick-fil-A and got some of their "dark coffee". Good stuff.

** forgot you're in England! Chick-fil-A... fast food like McDonald's, only they serve mostly chicken stuff... great coffee tho!

Not only am I in England, I also am not a brother.

So, there's only one option left. Or, at least there should be!

God bless.

I'm not too concerned about the world's idea of global warming, but the Bible does tell us there will be 'global warming'.

2 Pet 3v10, 'But the day of the Lord will come as a thief in the night, in which the heavens will pass away with a great noise, and the elements will melt with fervent heat, both the earth and the works that are in it will be burned up'.

That's what I call global warming.
