Hey guys, just wondering if there is any resource out there which has accounts of past revivals? Like everthing from Ev an Roberts to John Wesley to Charles Finney. Particularly from a nonjudgmental (in terms of theology etc.) point of view .

Cheers,
Will

Try (<http://www.rorbooks.com/home/home003.htm>) Richard Owen Roberts bookstore. This link is for the books he has either written or edited.

There is contact information on his web page so you can call or email the store. (If you are near Wheaton, IL stop by!) I f you are not sure where to start, I'm sure they could point you in the right direction.
