I have gotten the 2 messages up from this old record! I think the messages were preached in the 60's sometime and by the photo of Wilkerson it definitely seems like he was younger in his ministry.

Here are the 2 messages on the record:

**(<https://www.sermonindex.net/modules/mydownloads/singlefile.php?lid4568>) The Monkey On The Mind** - *This is a vintage message of David Wilkerson preached at a youth rally in New York City. I believe it to be preached in the 60's and the recording was taken from a Record LP so there will be some background noise of the record due to quality. In this message Wilkerson deals with the problem of our minds and allowing them to entertain sinful thoughts. This is a very practical message preached to youth but is very much needed to be heard by many in our day. This message will help people who have any sinful thought life that needs to be sanctified and cleansed by the blood of Jesus Christ.*

**(<https://www.sermonindex.net/modules/mydownloads/singlefile.php?lid4567>) Home Sweet Home** - *This is a vintage message of David Wilkerson preached at a youth rally in New York City. I believe it to be preached in the 60's and the recording was taken from a Record LP so there will be some background noise of the record due to quality. In this message Wilkerson addresses the deplorable situation in American homes and gives an urgent call for people to wake up and start to really live as a family should live. This message is counter-cultural and against the spirit of the age of progress and technology, simpler times are and were better. I am sure many families will take much of the simple application into everyday life.*

They were both recorded live in youth rallies, enjoy these old vintage recordings, I think they are very timely and worth listening to. ;-)
