### NEW! UK/International Prayer Call for Revival Starting this Saturday - posted by MerleW (), on: 2009/4/8 11:26

A conference call prayer meeting for the UK is scheduled for every Saturday evening at 6pm GMT. Since the revival conference held here at the end of last year, God has been laying on many people's hearts a desire to carry on praying together, to continue to seek His heart for our country. Although it is UK based, brothers and sisters from other countries in Europe and around the globe are more than welcome to join in.

Currently the call is through a free computer to computer calling service known as skype. For instructions on how to join the call, click on the following link: <http://groups.google.com/group/revivalpraying/web/European+Weekly+Prayer+Call+Instructions>. I look forward to meeting you all again as we stand united in prayer for our country.

If you do not have internet access, send an email to [hquest@hotmail.co.uk](mailto:hquest@hotmail.co.uk), and we will endeavor to give you a phone number where you can connect with by phone.

The thought occurred to me today,

"Are these conference calls how we are using modern tech to achieve the "concert of prayer" that J. Edwin Orr talked about so much in his studies of revival and spiritual awakenings?"

May it indeed be so, by the grace and mercy of God and our Lord Jesus, Amen.

Jason

If anyone has a heart for prayer, or wants a heart for prayer, I would urge you to join with this group tomorrow. We, as Christians all acknowledge the importance of prayer, but there always seems to be such a small group that actually gets involved. Just because you join us does not mean you have to speak. The time is short brothers and sisters, the call is on a Saturday. Lets make some time for the Lord to join with our brothers and sisters and cry out to the Lord together.....

Amen. For the glory of God!

This is just the beginning, there are quite a few people in the UK who are joining the prayer tonight. Looking at the history of the wonderful revivals, it was the very act of people getting together with a yearning for God's glorious move in the lands around them, which preceded the great awakenings. Praise God that we can utilize modern technology as a beginning to what God is going to do!

If people are having a problem with the above link, feel free to add [hquest7](#) to Skype. See you at 7 BST!
