“Well they began to pray for me, and, as God is my witness I would sense myself at night sometimes, or shaving in the morning, I would feel God’s grace just come underneath me, and begin to steady me and hold my emotions and I hadn’t even been thinking about God and I would say ‘Lord, what is this that’s just come into my life?’ Somebody’s praying for you.”

Was walking and thinking about things this morning and remembered this, and how I have experienced the nearly identical thing before and I wanted to encourage those who uphold others in prayer, thanking God for you and thanking you a lot!

Brethren, pray for us(1Thessalonians 5:25).

Brothers, sisters, all.
