Visit this web site and read the story about a Christian father who lost his wife and 4 children in a flood a year ago.

BROTHER!!! I was listening to [www.lightpraise.com](http://www.lightpraise.com) radio.. (which is the best internet radio on the net to my knowledge) and there was a show from focus on the family with this fellow as the guest speaker. Man I was in tears.. what a story I wish I recorded it. What a testimony this man has of Gods grace. Thanks so much for the website link, God is good.

I went to this link and read the testimony. Amazing! I've spent alot of time thinking about such things. I often ask myself the question, "Why not me?" Oswald Chambers says, "Faith is not a pathetic sentiment, but robust vigorous confidence built on the fact that God is holy love." Until we believe that God loves us, we cannot trust him. It has taken me a long time to come to know the real love of God. Before, I only knew about it in my head. Now, I know in my knower. I pray that in the day of my testing, I will be found in faith as this brother is. What a marvelous testimony to Christ in fullness. I just read T. Austin Sparks, The Recovery of the Lord's Testimony In Fullness. It really clarified what our purpose is in the earth. Be Glorified, Oh God!
